

Dear all,

The year 2021 marks the 100 anniversary of the world changing discovery of insulin. This event is celebrated in Denmark and across the world.

On behalf of the organising committee, the Danish Diabetes Academy, the five Steno Centers and the Danish Society of Endocrinology we would like invite you to attend the symposium '***Celebration of a Century with Insulin***' that takes place the **7th of May 2021** at *Comwell Conference Center Bella Sky, Copenhagen*.

We would also be very pleased if you would like to attend the dinner with participants after the symposium **7<sup>th</sup> of May at 18:00**.

We have invited highly esteemed researchers within the field of diabetes and insulin-therapy to give a talk on their perspectives on the history of insulin.

The program is broad and covers a historical overview of insulin, insulin treatment in a global and future perspective, aspects of insulin resistance, pathogenesis of type 1 diabetes, focus on diagnosing diabetes subtypes and overviews of diabetes technologies in a clinical setting.

If you would like to attend the symposium and the dinner 7 May, please sign up for the event at the DDA webpage using the link below:

[Celebration of a Century with Insulin | Danish Diabetes Academy](#)

We kindly ask you to distribute this invitation to all relevant colleagues.

Attached you will find the programme for the symposium and practical information for how to get to the venue.

We look forward to welcoming you at Comwell Conference Center Bella Sky.

On behalf of the organising committee from Steno Diabetes Center Aarhus and the Danish Diabetes Academy

Julie Støyt, MD, PhD, SDCA

Lene Ring Madsen, MD, PhD, SDCA and Hospitalsenhed Vest

Esben Søndergaard, MD, PhD, Associate professor, SDCA

Ulla Kampmann, MD, PhD, Associate professor, SDCA
